WELCOME AVANTI CAMPERS!

Day Three

The second day of camp on Tuesday, June 16 was another action-packed and adventure-filled day for campers and staff! One of the main stories of the day came from the horse stables where Linda, Paula, Marsha, and a number of other helpers assisted campers as they valiantly rode their horses. It was reported that campers had a lot of fun as they bravely rode their horses and did a number of maneuvers such as ride with no hands and turn around in their saddles! Way to ride cowboys and cowgirls!

Cabin 7

The Wolverines had an awesome day Tuesday! They went in a sailboat where everybody had a chance to steer! The Wolverines also had the opportunity to climb the climbing wall! Everybody did their best and cheered each other on! Ryan and several other Wolverines even made it to the top and got to ring the bell twice! What a victory, Wolverines!

Cabin 8

William, of the Cabin 8 Pokepals, enjoyed making his sock buddy in crafts on Monday! He named his sock buddy Tuffy and reported that was his rosebud of the day! Kiernan helped the blue team find the flag during the Wonderlab "Pirate Challenge". The boys were able to work together to secure the ship! Way to successfully defend the ship Pokepals!

Cabin 9 Matt P., Matthew M.,

Max, and Wade of the Golden Warriors enjoyed archery! Max even got a bulls eye! At the beach Colin, Josh M., and Josh K. worked together to make a sand castle!

Cabin 11

Tuesday, the Pink Panthers went boating for the first time! Ella conquered her nerves about kayaking by herself, and had an amazing time! The cabin also rode horses! Gabby was a brave cowgirl who enjoyed riding her kind horse! Gabby was all smiles! Way to be brave and try new things Pink Panthers!

Cabin 12

Cicily and Sarah, Pink Flower Campfire Girls of Cabin 12, are glad they have made new friends this week at camp! Lucy had a great time Tuesday, and is looking forward to archery. In the meantime, Sonya and Kristen look forward to sailing! All of the beautiful girls from Cabin 12 enjoyed a spa night on Tuesday where they received facials and ate tasty snacks!

Day Camp!

Day Camp 1

The Volcanoes rode their horses with pride, riding forward, backwards, and even on their side! Owen and Nathan worked together as a team in the Wonderlab as they slithered through the lycra, reached for bananas, and balanced across the beam!

Day Camp 2

The Koalas had a vast number of exciting adventures Tuesday! The campers visited the horses and Andrey and Eve were brave enough to ride backwards on their horses! Chase then showed strength of steel! All of the Koalas made great monkeys in the Wonderlab jungle swinging on the vines and climbing in the trees. Owen and Marcus paddled out in their kayaks! What a great day for the Koalas!
