WELCOME AVANTI CAMPERS!

Day Four

Boy, was Wednesday, June 18 an eventful day at camp! From tie dye to the Wonderlab, campers and staff were buzzing with excitement about all that the day entailed! The weather was again beautiful at camp, which allowed for fun to be had all around! In the Wonderlab with Kris, Lynette, and all of the Wonderlab therapists, campers were able to complete partner challenges themed as the Lion King, Harry Potter, and Pokemon! Word is that campers successfully completed their challenges in the Wonderlab! Job well done campers!

Cabin 7

Wednesday in Cabin 10, Franklin made a ton of baskets and showed Simone, the Wolverine's practicum O.T. how to "shoot a hoop". The Wolverines prepared Wednesday for their sleepover with their counselors (it was reported there were no girls allowed!) Readers look forward to hearing of the Wolverine's travels!

Cabin 8

The Pokepals were able to avoid the rain and enjoy their camp and fire time with Cabin 7 on Tuesday night! Michael, Dan, and Collin all told amazing stories with Nancy!

The Pokepals had another great day at camp on Wednesday! Dan had a creative idea to make a sand castle at the beach! Michael and Niko helped build the royal structure on the beach! Way to think inventively Pokepals!

Cabin 9 Cabin 9 LOVES the Wonderlab! Colin was the king of the jungle, moving across the "jungle" from one suspended rope ladder to another. Max S., Matt P., Josh K., Drew, and Matthew M. rode horses backwards! Wade did a great job playing tennis and sharing the balls with Matthew M. Josh M. (a.k.a. B-Kat) did an awesome job making a tie dye shirt in crafts!

Cabin 10 Wednesday, Cabin 10 volunteered to lead songs at Flag Pole before dinner! All of the boys led songs well and sang with great enthusiasm! At dinner, Alec enjoyed a cup of cranberry tea with his meal! A nice way to sit back and relax after a busy day of fun!

Cabin 11

The Pink Panthers got rained out during horses on Tuesday. As Ella said she went from, "wet to soaked!" Erin met a grand challenge in the Wonderlab by being the first person of the day to make it across the "log bridge" in the jungle. The Pink Panthers finished their day with pampering at the spa complete with nail polish, facials and the best hair dos at camp!

Cabin 12

It is reported that Kristen of Cabin 12 likes helping the environment and picking up trash! Thanks for helping to take care of our camp, Kristen! Lucy passed the swim test! Ida was proud she passed her swim test! Sonya and Kasondra loved their special spa night, and boy did all of the girls look beautiful! In other news, Sarah swung on the trapeze in Wonderlab! Way to go, Sarah!

Day Camp!

Day Camp 1

The Volcanoes are having a fabulous time. Laughing, singing, and chanting in rhyme. Music brought out the best of Jake's beat, as he made up a rhythm for all to repeat. Andy and Michael paddled with speed and desire. As Max charged the hill for all to admire! Gooooo Volcanoes!

Day Camp 2 The adventures continued for the Koalas on Wednesday! Out at the horses Wednesday, the Koalas practiced holding the reins and telling their horses to whoa! Camden built a monster castle down at the beach while Chase and Andrey played water games. Eve was really brave in Wonderlab! Way to go Koalas!

Avanti Tradition: Tie Dye!

For years, the tradition at camp has been to make tie dye shirts to commemorate the week of camp at Avanti- Camp St. Croix! This year was no exception as campers and staff alike put their creativity and imaginations to the test designing beautiful colored creations! Excitement builds as time ticks away until the shirts are unveiled on the clotheslines!
